

HAGADDAH PRINTING INSTRUCTIONS

I have provided PDF's of our hagaddah. The first is a normal Word page, one after the other, format that you can print. It can be printed one sided or duplex (two sided). The other is in Booklet form and will need to be printed in duplex (two sided) as that is how it is formatted.

You can copy the files onto a USB stick and take it to Office Max/Office Depot or a printer of your choice and get them to print off copies. Most home printers have settings to do booklet duplex printing. The PDF Booklet document is already set for that, but you will also have to set your printer up for it as well.

To edit the documents you will need to convert the PDF back to Word. If you need to convert the PDF's back to a Word document here is a link to do so:

<http://www.pdfword.com/>
<http://www.pdfonline.com/pdf-to-word-converter/>

There are others online as well.
